

Pioneer Handcart **ACTIVITY**

How To Play

Let's help fill the pioneer's handcart!

Start with the pioneers and handcart up on the board in front of the class. With the items, write a primary song on the back of each one and tape them around the room OR just to the side of the handcart on the board. Pick a child to find/pick an item and read what song is on the back. Have the child add the item to the handcart and sing through the song. For Pioneer Day, I like to use pioneers songs out of the Children's Songbook. Each song might need to be sung a couple times through so the kids can start to recognize it.
